#### **Mission Statement**

The mission of the Prosecutor's Office is to perform a variety of statutorily mandated services on behalf of the citizens of Kent County. These include appearances in all criminal proceedings involving charges brought on behalf of the People of the State of Michigan in the various District and Circuit Courts as well as appearances in delinquency, neglect/dependency, mental incompetency, and adult guardianship proceedings in both the Probate Court and Family Divisions of the Circuit Court. Additionally, the Appellate Division initiates and responds to appeals resulting from cases in which the Prosecutor's Office has appeared. Further, the Family Law Division, by virtue of both statutory requirements and contractual obligations, is responsible for the establishment of paternity and the securing of child support payments in cooperation with the Michigan Department of Health and Human Services.

March, 2019 - Grand Rapids, Michigan

It is my pleasure to present to the Citizens of Kent County the statistical summaries and comparisons, which reflect the activities of the Office of the Prosecuting Attorney for the year of 2018. The following pages will describe the ways in which our resources were utilized in the past year. We ask you to review these numbers and would encourage any recommendations and comments concerning the ways we can work to further improve our local criminal justice system.

We are extremely excited about some new initiatives we started in our office this year. First, we now have the ability to use therapy dogs for certain witnesses when they come to court. We started a pilot program with West Michigan Therapy Dogs where they can provide a dog for child and vulnerable adult witnesses. Right now, this covers the courthouse downtown, including any family or neglect cases, and any cases out in 63<sup>rd</sup> District Court. The dogs are not allowed in the courtroom for testimony but will be available for a victim while they are waiting and after testimony is done. Studies have shown a dog can reduce stress in a child as they wait to testify, and the reduced amount of stress may even improve their ability to give accurate testimony. If this pilot project goes well, we hope to expand the use of these dogs to every court in Kent County.

In juvenile law, we have partnered with the Dispute Resolution Center of West Michigan to provide a restorative justice program for certain juvenile offenders. Restorative justice is a way to bring both parties together to discuss the crime and come to a solution as to how best handle the harm that was caused by this crime. It is much different than the traditional court model where a judge imposes a sentence; with this program, the two sides meet, talk, and agree on what should be done going forward. Both sides must agree to participate in the program, and there must be an agreement on what to do after this meeting takes place. A facilitator, provided by the DRC, helps guide this process. They meet with both sides individually before the restorative program and facilitate the program when the two sides meet. If there is a successful conclusion, where an agreement is reached and fulfilled, the juvenile will not have a conviction on their permanent record.

Finally, we are in the beginning stages of starting a Young Sexual Offender Treatment Program. This program is patterned after the Adolescent Sexual Offender Treatment Program which has operated in the juvenile justice system for years in Kent County. That program has had tremendous success in treating kids with various sexual issues and we hope to duplicate that success with young adults between the ages of 17-24. Those who would be eligible for the Holmes Youthful Trainee Act due to their lack of a criminal history, would receive group and individual therapy after pleading guilty to a sex offense. If they participate and successfully complete the treatment program, they would be allowed to withdraw their plea and enter a plea to a non-registerable offense. Individuals eligible for participation must meet the age requirement and must be non-violent offenders. Additionally, the victim must agree to allow them to participate in the program. As a part of this program, we are hoping to get an assigned circuit court judge to handle all these cases, so we can operate this program like the traditional treatment court model that is familiar across the state.

Much of what we do here is impossible to categorize and document with simple statistics. Whatever the work, it is done with one goal in mind; making Kent County a safe place to work, live, and enjoy for everyone.

Kent County has seventeen law enforcement agencies that submit charging/warrant requests to the Kent County Prosecutor's Office for review. Two Assistant Prosecuting Attorneys are responsible for thoroughly reviewing warrant requests, including incident reports, witness statements, and the suspect's criminal history before a charging decision is made. Other Assistant Prosecutors may also review warrant requests, particularly if the case involves an allegation of criminal sexual conduct, child abuse, or homicide. Additionally, both attorney and support personnel are in the office on weekends/holidays for warrant review and production since felony lockups require arraignment within 24 hours of arrest.

#### **CONTESTED FORFEITURES**

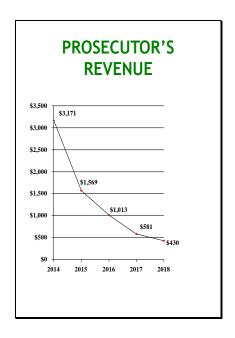

In an effort to reduce the financial incentive to commit drug offenses, the State Legislature gave police agencies the ability to seize and forfeit money, vehicles, or other property which are the direct result of drug trafficking. Police may seize property based on probable cause that it is the proceeds of illegal drug trafficking. If the owner does not contest the seizure within 20 days, the property is automatically forfeited to the seizing police agency. If the owner does contest the seizure, the case is reviewed by the Prosecutor's Office for possible civil filing with the Circuit Court.

Judgments for forfeited money and property may not necessarily occur in the same year as a contested forfeiture filing. Cases may be filed in one year and not reach resolution until the following year. Hence, cash and vehicles forfeited are not always directly related to the specific filings for that year. Additionally, often there are miscellaneous items forfeited (e.g., jewelry, stereo equipment, cell phones, etc.) that are not reported in this publication.

TOTALS	\$9,778	\$143,889	436	4,181

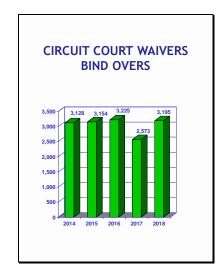

A bad check restitution program was initiated in November 2006. The program was implemented in an effort to assist local merchants with losses stemming from bad checks and to help ease the burden of check enforcement on local law enforcement agencies. In lieu of police agencies devoting precious resources to investigate non-sufficient fund and/or closed account check complaints, merchants are referred to the check program. The primary goal of the program is to obtain full restitution for the victim without adding to the financial burden of the criminal justice system. First time bad check offenders are given the opportunity to avoid criminal prosecution by going through the court services diversion program, in addition to paying restitution. The benefits of the program are multi-faceted: (1) merchants receive restitution (2) law enforcement is relieved of the responsibility of having to investigate thousands of bad check complaints (3) an already busy court system is freed from the burden of additional cases and the costs attendant to such cases. Total victim restitution since the program's inception is \$1,046,804.

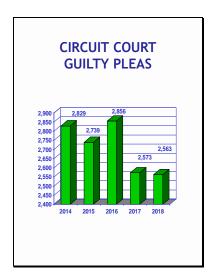

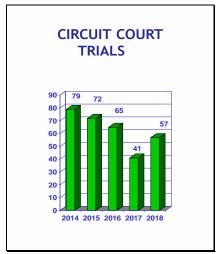

Pursuant to US Code: Title 7, Section 2025(a), the Secretary is authorized to pay to each State agency an amount equal to 50 percent of all administrative costs involved in each State agency's operation of the food stamp program, which costs shall include, but not be limited to, ... (7) food stamp program investigations and prosecutions. The State then reimburses the County a portion of what it costs to prosecute cases where an offender has been charged with food stamp fraud.

Pursuant to MCL 257.323, the Prosecuting Attorney represents the Secretary of State in response to a petition filed in circuit court for judicial review of a revocation or suspension of a driver's license imposed by the Secretary of State. The Office of the Prosecuting Attorney receives reimbursement for representing the State in these cases.

# APPELLATE DIVISION

The primary responsibilities of the Appellate Division involve initiating and responding to appeals resulting from cases in which the Prosecutor's Office has appeared as counsel.

The majority of appeals arise from convictions or court rulings in criminal prosecutions. Jurisdiction over these appeals may be in the Circuit Court, Court of Appeals, the Michigan Supreme Court, or in the federal court system. The appellate attorneys' function is to handle all procedural and substantive matters relative to these appeals, from brief writing to oral argument. If an appeal is denied and a conviction is upheld, it is also the appellate staff's responsibility to see that the imposed sentence is executed.

In addition to the aforementioned appellate work, the attorneys provide legal advice and research assistance to attorneys in all divisions of the office.

#### **BOND FORFEITURES**

In 2004, we began to actively file bond forfeiture motions for defendants' failure to appear at hearings. The benefits of this are two-fold. First, they create additional revenue for the County. The County Clerk's Office receives any bond monies forfeited as a result of our filings. Second, Sureties have become more aggressive in trying to track down defendants who have failed to appear and bring them in for court appearances. Once an order is entered, the Surety has 28 days in which to bring in the defendant to avoid judgment after bond forfeiture. Under limited circumstances, the Surety can later obtain relief from the judgment provided that 1) defendant has been returned to custody, 2) the ends of justice have not been thwarted, and 3) the county has been repaid its costs for apprehending the person. Crime Victim's Compensation					
State Awards to Victims	\$295,674	\$218,826	\$313,574	\$186,511	\$175,538

The Michigan Crime Victim Compensation Act of 1976 may provide financial assistance to crime victims who are injured, or who lose earnings or support because of a crime committed in Michigan. Section 18.351 of the Michigan Compiled Laws governs the Michigan Crime Victims Compensation Board. Members of the Victim/Witness Unit assist victims in applying for this compensation when applicable.

The Department of Community Health's Crime Victim Services Commission provides grant monies each year to prosecuting attorney offices throughout the state in an effort to ensure victims are provided assistance.

Through both statutory and contractual arrangements, the Prosecutor's Office is responsible for the establishment of paternity and the securing of child support orders. The objective of the cooperative reimbursement program is to secure child support payments from those legally responsible and financially able to provide for their children; thereby shifting the burden for the support of minor children from the Michigan Department of Health and Human Services to the responsible parent. Furthermore, legal representation is provided to any Kent County resident seeking assistance with the establishment of paternity and/or child support. In return, the county receives an incentive of all monies collected.

The rules governing case closure require us to keep a case in "locate" (i.e. pending) for up to three (3) years if we have a social security number for the father, or one (1) year if a social security number is unknown. Additionally, if the mother is non-cooperative, we are required to keep the case open indefinitely while the Office of Child Support attempts to resolve the non-compliance issue. Consequently, these rules restrict what we can do to reduce or limit the number of "Cases Pending".

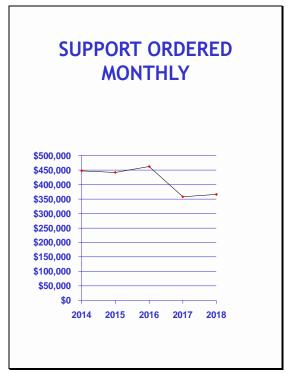

#### **IN-OFFICE SERVICE**

Non-custodial parties (NCP's) in paternity and support cases must be personally served with a Complaint and Summons once the case is filed with the court. The average cost to serve an NCP is around \$28.00, but can be more, especially if they live or work outside of Kent County. In May 2014, a process for scheduling dates for the NCP to appear in the office for service in lieu of sending cases to a process server for personal service was implemented. Not only does this save money, it offers an opportunity for service to be done privately (not at work or home), allows them an opportunity to file an Answer right away, and if appropriate, for genetic testing to be done the same day. This provides for speedier processing and resolution of the case.

#### 2018 Statistics:

- > 1,075 NCP's were scheduled to come in for service; 480 (45%) appeared and were served resulting in approximately \$13,440 in savings.
- > 446 (93%) of those served filed an Answer the same day and avoided default.
- > 105 genetic tests were completed the same day the NCP was served and filed an Answer, freeing up timeslots for other parties to be scheduled for testing sooner.

#### **Objectives**

- > Complete 75% of cases within six (6) months from service date and 90% within twelve (12) months from service date as required by federal regulations.
- > Enter support orders in 80% of cases and establish paternity in 90% of cases as required by federal regulations.

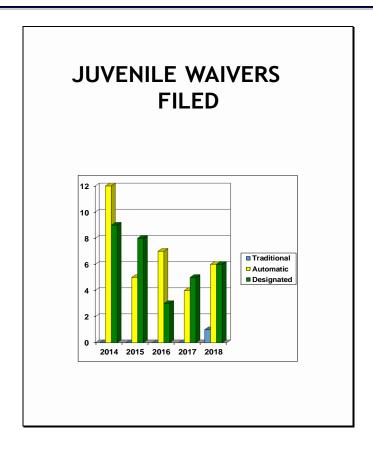

#### JUVENILE DIVISION

The staff of the Juvenile Division has three primary areas of responsibility: delinquency, child protective proceedings, and mental incompetency hearings. In addition, the attorneys are statutorily mandated to represent those who have filed a petition with the Circuit Court seeking the issuance of a PPO (i.e. Personal Protection Order). Staff also acts as a resource for the many social service, counseling, and youth programs associated with the juvenile justice system. Everyday responsibilities include providing legal advice to virtually everyone involved in child welfare: police, probation officers, and social workers.

Traditional Waivers Granted	0	0	0	1	1
Automatic (Direct) Waivers Filed	12	5	7	4	6

There are three types of waivers. The first two allow a juvenile to be placed in the adult system. An "automatic" waiver (sometimes called a direct waiver) automatically transfers jurisdiction of the juvenile to the adult system and is based on the severity of the crime committed. A "traditional" waiver (also referred to as a two-phase waiver) is based on the juvenile's criminal history rather than simply the severity of the crime committed. It is utilized only if all rehabilitation/treatment avenues have been exhausted within the juvenile system. When the juvenile commits a new crime, the Prosecutor's Office petitions the Juvenile Court to waive the offender to the adult system for prosecution.

	2014	2015	2016	2017	2018
Designated Waivers	9	3	3	5	6

A "designated" waiver results in an adult conviction but allows the judge the discretion to sentence the offender as a juvenile.
