

Understanding your options to continue life insurance coverage
Portability and Conversion

You know that life insurance is an **important part of your overall financial planning package**. Now that your group insurance benefit eligibility has changed and your life insurance coverage has ended, you have **options** to continue your current life insurance coverage and **maintain your family's financial health**.

Why you need to continue your life insurance

Life insurance helps by providing a set amount of money to your beneficiaries when you die. With the right amount of life insurance, you can help ensure that your family will be well-protected. Most people associate life insurance with death benefits, but the value of life insurance is much more than just paying for your funeral expenses. This coverage may help to:

- ◆ Pay off your mortgage loan and other debts
- ◆ Cover your family's living expenses
- ◆ Ensure your family doesn't lose anything more (like their home, their future, their hopes)
- ◆ Take care of your children's education
- ◆ Provide your spouse and family with financial stability
- ◆ Provide for family member with special needs

You now have important decisions to make about continuing your life insurance benefits with New York Life Group Benefit Solutions (NYL GBS). You may be able to continue term life coverage for yourself and your family through Portability of your group coverage or by Conversion of your group coverage to individual whole life insurance, and paying premiums directly to NYL GBS for either option. Here is some information about the differences between these two options to help you make this important decision.

	Portability (Port)	Conversion (Convert)
What is the difference between ported coverage and converted coverage?	<ul style="list-style-type: none"> ▪ When you port your coverage, you can keep the group term life coverage offered through an NYL GBS group insurance contract along with some, but not all of the optional benefits that were included. Benefits not available on ported coverage include Accidental Death and Dismemberment. ▪ Term life insurance provides coverage for a specific term (in the case of ported coverage, up to a certain age). The policy expires at the end of the term, and there is no side fund or cash accumulation vehicle. It pays only the death benefit in the event you die during the period (or term) of coverage, and it has no accumulated cash value or benefit should you outlive the contract period (or term). 	<ul style="list-style-type: none"> ▪ When you convert your coverage, you are converting to an individual whole life (or permanent life) insurance policy. The converted policy only provides life insurance, and does not include the optional benefits such as Waiver of Premium, Accidental Death and Dismemberment. ▪ Whole life insurance builds cash value that you can borrow against or use to pay future premiums. Please read your conversion brochure for more details.
